

THE PARENT SPOT

At The Parent Spot, we're a Mom and Dad team with a nine and twelve year old. Join us for the best in recipes, health info, family travel tips, technology for parents, and shopping for everything a growing family needs.

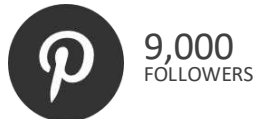

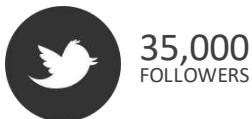

We've worked with hundreds of businesses and PR companies to introduce their great products to our engaged readers. We can help with custom content, reviews, giveaways, ambassadorships, social media promotion and more.

AUDIENCE

Our readers are men and women of all ages (though most fall in the 18-44 age bracket) and most are college educated. Most readers are English speakers from the US and Canada.

SOCIAL

Our [Twitter](#) followers are highly engaged, and we routinely receive retweets from large brands. We are also active on [Instagram](#), [Pinterest](#), [Facebook](#), and [Google+](#).
